

FAMILY & BABY GUIDE

**Your house is not a home until you proudly display portraits of your family on its walls.**

We pride ourselves on providing fun sessions, no pressure sales, and exceptional quality products all while providing a great client experience from the time you schedule your session until your portraits are proudly displayed in your home.

## Children

From babies a few days old, first birthday "smash cakes," live bunnies at Easter, a real pond constructed in our studio and numerous mini sessions throughout the year, we create one-of-a kind images of your children.

## Families

The most beautiful things in life are not things. They're people, places, memories and pictures. Both Susie & Renee are extremely close to their families. Both recognize the importance of preserving those memories, those smiles and most importantly, that laughter.
